

Rounders

Rounder is a striking and fielding sport. It involves skills such as throwing, catching, and batting. Rounders is played between 2 teams. It involves teamwork and strategy which are great skills for children to learn in sport.

Sport Coaching Group aspires to provide the opportunity for all children to access sport as well as providing an inclusive environment in which to operate. Our experienced and highly trained coaches exhibit an engaging environment where children are able to strive for excellence whilst also being equipped with the appropriate skills to participate in sport for life.

Key Stage 1

In KS1 we teach the basic skills of rounders such as batting, throwing, and catching. This will be done through games, activities and circuits that will vary each week. The emphasis at this age is to have fun and learn the basics. We also include life skills such as Confidence, Commitment, Control, Communication, Concentration in all our sessions.

Key Stage 2

At this age they will be working on more sport specific skills. They will move onto full games of rounders along with improving their throwing, catching and batting skills. Again this will be done through games, activities and circuits.

General Information

Our company always provides a high quality of coaching no matter what sport we provide and we always encourage and allow children to strive for excellence and inspire them to achieve greatness. However, our main priority is to provide the children with the opportunity to get involved under any circumstance. Inclusion, diversity and equality are essential in all our lessons and we strive to equip each child with the appropriate knowledge and skill set in order to compete and learn to use in and most importantly out of our sessions in everyday life.
